

The White Family Picture Album - Volume 2

Being a compendium of photographs from the White siblings

Compiled by Peter White

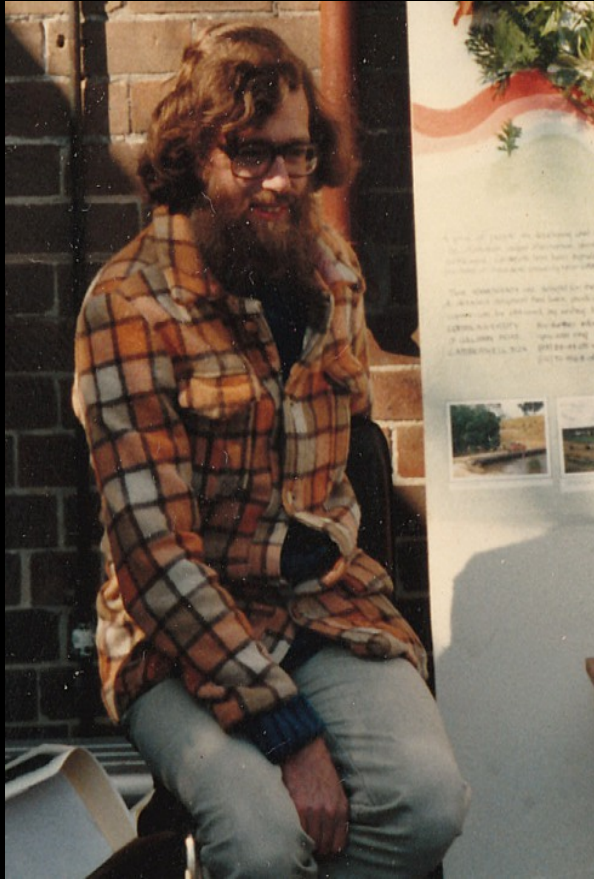

Introduction

The pages that follow will include photos from Peter, Jim, Judy, Tim and Faith. They feature photos taken of their children, or related pictures that highlight events they captured on film.

The next album following (Vol 3), will feature photos from the kids of the above. Thus, another generation moves on.

This volume will show each of the White kids' pictures as I've received them.

Afterword

This concludes Volume 2 of the White family pictorial history. Volume 3 will consist of Material provided by the children of Jim, Judy and Tim.

Not all the photos I received are included in this album. I tried to use the best of them. If I've missed anything really important, or if any of the family would like a particular photo included, please contact me.
